Sylvan of Greenville, SC

Fall Schedule

NEW LOCATION: 150 Tanner Rd, Suite F, Greenville, SC 29607

Current Families: 864-676-0011 / New Students: 800-EDU-CATE

Build-a-Bot I

(Grades 2-4)

Get introduced to the amazing world of robotics by building and programming robots and engaging in friendly competitions.

Build-a-Bot II

(Grades 4-6)

Create and program complex robots with friends while learning problem solving skills and engineering concepts.

Bot Labs

(Grades 2-4)

Stretch your imagination and skills by creating new robots based on fun themes, such as Monsters vs Aliens & Girl Club Space Adventures.

STEM Day Camps

(Grades 2-8)

We offer our Robotics and Game Design as a full day program when school is out. Take advantage of the opportunity to expand your child's learning while you work! They have fun and you have a great place for them to be while school is out. Lunch provided and Early drop-off / Late Stay options available.

Game Design

(Grades 3-8)

Get familiar with programming by designing and building 2D video games from start to finish, including animated players, music and sound effects. For the older kids a different video game is designed each day to include game logic and physics.

Create Your Own Class

(Grades 2-8)

We offer our Robotics and Coding programs in a variety of themes and setups.

A couple of examples are:

- Girls Only Clubs to foster the love for science and technology at an early age and give girls the confidence they need to be successful!
- Boy Scouts or Girl Scouts troops to earn badges.
- School, after-school, or home-school clubs that want a fun and educational activity.

Math Edge

(Grades 1-5)

Fun math mastery! Monthly Math Edge memberships help boost speed and accuracy while developing independent learning and problem solving skills, coupled with engaging "brain booster" math games.

Camp Sum Fun

(Grades 1-3)

A fun approach for your child to increase fluency with basic addition and subtraction skills.

Multiply & Divide

(Grades 3-6)

A fun approach for your child to increase fluency with basic multiplication and division skills.

Homework Help

(1-12)

Kids will set goals for the upcoming school year and learn how to manage time effectively. They acquire strategies for their unique learning style and get ready to take on the new year with confidence.

SAT or ACT Prep

(9-12)

We give teens the skills, strategies, and practice needed to score high on college entrance exams. SylvanTestPrep.com provides multiple full-length ACT/SAT practice tests and hundreds of test specific lessons taught by Sylvan's certified ACT/SAT instructors as they learn how to solve problems **accurately** and **confidently**.

Advanced Reading Strategies

(8-12)

For college-bound teens to master strategic reading skills to improve speed and comprehension for entrance exams and to prepare larger workloads ahead.

Personal Tutoring

(Grades PreK - 12)

Sylvan's personal approach in math, reading, writing, and study skills can set your child up for success for the next school year and for life. Our hours are flexible and programs are developed on your personal needs and goals.

All course seat availability as well as 24x7 online registration and payments are available for South Carolina Sylvan of the Upstate and Midlands at
