

What are you getting for your monthly tuition?

- A personalized educational program designed for your student's specific needs as pinpointed by the results of a comprehensive skills assessment battery designed by Sylvan Learning Systems, the nation's leader in supplemental education.
- Instruction by certified teachers who work with three or fewer students each hour. Your student is taught by a team of dedicated educators who maintain the goal of helping each student master needed skills. Students improve their self-confidence and become motivated to reach their full potential.
- Formal progress assessments upon completion of every 24 hours of instruction for Math Essentials and Academic Reading. On-going assessments for Beginning Reading, Academic Writing, and Algebra I.
- An educational program monitored and updated after *each* instructional session.
- Use of all Sylvan correlated skill specific materials, manipulatives and other current resource materials.
- Parent conferences with the Director every 12 sessions of instruction to receive a progress report.
- Conferences with your student's teachers at school (with your written permission) in order to ensure a team approach and maximize the transfer of skills learned at Sylvan into the classroom.
- A motivational program which includes access to a well-stocked Sylvan Store loaded with wonderful incentives for all ages.
- A warm, caring staff who smile *a lot!*
- All services delivered in a comfortable, exciting Sylvan Learning Center.

Our goal is 100% customer satisfaction.
