### Robotics & Coding Camp!

Sylvan Robotics is an exciting STEM program with fun, hands-on projects using LEGO® Bricks and WeDO™ software to inspire creativity and engage kids in learning. Students build and program new robots each session with the help of experts - all while making friends and having a great time developing new skills through structured lessons that teach STEM concepts through active learning. Designed for 2nd - 5th Graders.

Robotics 9am-3:30pm 6/29-6/30 \$190

Coding 9am-3:30pm 7/1-7/2 \$245

COMBO: Robotics & Coding for \$380 from 6/29-7/2

Lunch is **not** included!

### Fit 4 Algebra!

A bright future begins with Algebra. A gateway subject, Algebra is the foundation for higher-level math and science courses. This can open doors for college and lead to better careers and lifetime earning potential.

Designed for 6th-9th Graders camp runs 12 hours for \$240 From 7/20-7/23 9a-12pm

### Early Literacy Skills!

Reading is the foundation of all skills. This camp will help you recognize letters, letter sounds, sight words, print awareness, colors, numbers and shapes! Camp is designed for a student entering Pre-K, Kindergarten or as a summer skills refresher for the 1st Grader.

Each Camp is 24 hours. Lunch is **not** included!

Session I - 6/22-6/25 from 9a-3:30pm for \$488

Session II - 7/13-7/16 from 9a-3:30pm for \$488

Session III - 8/3-8/6 from 9a-3:30pm for \$488

### Advanced Reading Skills!

Learn Strategic Reading Skills! This camp will help you break old reading habits that slow you down and develop skills to increase your **speed** and **comprehension**.

Designed for 7th-12th Graders camp runs 12 hours for \$240 From 6/15-6/18 9a-12pm

### Writing Camp!
